Hi everyone,

Thank you for a productive meeting today. To recap, here are some of the items we discussed:

1. **Power Washing** – Public Storage will post signs and coordinate with Hollywood Media District BID (Steve Whiddon) regarding the actual washing.
2. **Power Washing SIGNS** – Pete and George, I checked with my colleague and unfortunately we do not have a copy of the signs used by VONS. The signage was fairly simple and along these lines: "This is a 72-Hour Notice that we will be power washing this area on (DATE, TIME). Please remove all belongings if you do not want them to get wet or possibly destroyed."
3. **Lighting on the Building** – We will see how the power washing goes and address this later if need be.
4. **Parking Restrictions** – Please see the attached document outlining how parking restrictions can be changed. Please let me know if/how you want to proceed and if you have any questions.
5. **Street Lights** – I will talk to Bureau of Street Lighting about A) the damaged lightpole and B) changing the brightness of the other lightpoles.

Thanks again and please let me know if you have any questions.

Sincerely,

Dan Halden

Dan & Team:

A sincere THANK YOU for taking time to meet and address the issues that are affecting the neighborhood. The solutions discussed are simple and practical. We (the HMD) are thrilled to see progress. As promised, I spoke with Sharyn Romano, Los Angeles Beautification Team (LABT) and she is willing to provide a weekly pressure washing for a period of 6 weeks at no cost to the Public Storage. HOWEVER, it is extremely important to have the proper notice posted as discussed at the meeting. Additionally, the HMD is happy to hear that Public Storage will stay engaged with all of us to insure we have an ongoing, interactive, mutually beneficial relationship.

Please let me know how I can help facilitate the pressure washing / weekly cleaning of the sidewalk.

Steve and Team!

Thanks for the follow-up. We are working diligently to start the pressure washing as early as this week and we are awaiting approval of the signs from our legal department. Quick question – is the pressure washing available during the week or on weekends also? We would like to switch up the days, as we had discussed earlier. We are also working with a local vendor to clear the shrubbery inside the fenced area. Thanks for the commitment to making things better for all parties involved.

Best Regards,

Thank you George! I was unable to attend the meeting on the 13th due to a personal matter but am so glad to hear we are all working together on this. We are also following up down the street with other businesses and developers to assist with the increase in homeless. This is pretty much a block project. Thank you for your efforts and follow through.

I confirmed with Sharyn that she can do the job on Friday's only (which qualifies as the weekend) for no additional fee, as we are moving resources to do so. IF you want to switch the days, we could figure out a minimal fee—your call?

George & Sharyn:

It appears everyone has been working hard since our meeting in preparation of the weekly (Friday morning) sidewalk pressure washing. George Vasquez, Public Storage and I spoke this morning and he confirmed that the signage was approved. I asked that he confirm via email that the notice will be properly posted to insure Los Angeles Beautification Team (LABT) can adjust their schedule to accommodate the cleaning Friday morning.

The HMD is excited and grateful to be your partner on this worthwhile effort to keep the debris off of sidewalks and to insure the safety of our pedestrians and create a welcoming atmosphere for our neighbors. THANK YOU to everyone who helped make this happen. Please do not hesitate to contact me on my cell with any questions and/or concerns 323-600-4353.

George,

Can you please "reply all" to this message, confirming that the signs have been properly posted and that someone from Public Storage will be there to coordinate the pressure washing of the sidewalk. The cleaning crew needs to know specifically what stretch of the sidewalk is to be cleaned and to insure all goes smooth. Captain John, UPS (or one of his officers) will be on-site as well to make sure everything goes smoothly.

We look forward to receiving confirmation of the cleaning this Friday 8 am.

Dear Steve & Jim,

Hope you are very well.

This Friday all staff have to attend a meeting at the Volunteer Center.
Therefore, Friday am we will double crews to complete Friday cleaning by 11am.
Friday Pressure washing of the Bus stops will take place on Thursday.

For the special Pressure Washing for Public Storage, we will have an additional crew there at 8am.

Where should that crew meet someone?

We need to apply for the lane closures for the tree/palm pruning, we have notified our sub to get ready.

Thanks,

Sharyn

Steve,

Per our discussion a moment ago, we will proceed with starting on Friday February 6th at 3:00 p.m. since the pressure washing can only be done on Fridays and that the latest time in the day when it can be done. I will ensure that our property manager Nicole Haymon is there to help coordinate the pressure washing for the first visit. I am fairly certain that I will be there as well. All signs will be posted to on Tuesday, February 3rd.

Thanks again for your help!
