Hello!

I am forwarding this email to you because you expressed some interest in meeting with council members regarding the proposed street vending ordinance. Marie Rumsey from Central City Association has set up some times with various council people (not including Huizar). CCA staff as well as some possible business owners will be in attendance at the meetings. Kent and I will also try to attend.

If you have a relationship with one of the council members or live in their district, let me know if you might be interested in attending one of these meetings. See attached document for the dates and times.

Thank you!
Rena

Subject: Vending meetings with Councilmembers

Hello!

Attached is the list of meetings we have set so far with Councilmembers to discuss vending. Please let me know if you can join any of these.

We also have Rodriguez Strategies inviting business owners and community groups from the member's area.

Thank you, Marie
