If you need a car when you are here, just grab any of the Crown Vics sitting out there that use a regular Ford key.

Hi. Hope all is well. Any chance of getting a key to the pool car lock box? I usually just use for on car cause I can't get at the pool keys. Thanks.

I got the keys for #415, but the keys for #418 are still outstanding. Why is this so hard? Do you guys literally want to have to check the pool cars in and out? I don't want to do that because Sgt. Spencer and I thought we were dealing with adults. Stop the pool car key hoarding. If the car that is assigned to your unit is unavailable then by all means use a pool car, BUT return the keys once you are done. If you are on the back up Homicide on call list and plan on taking a car home then use the car assigned to your unit. Your partner shouldn't need the car at 0200 hours. If the car assigned to your unit is down for service or unavailable, then use a pool car, BUT RETURN THE KEYS.

If you have units #415 or #418 your card is not hanging in the car keys box. Please give me your card and I will hang it for you.
