Hi Steve,

I ran your request up the chain ...

We don't actually get POST reimbursement because reimbursement is only for sworn. HOWEVER, the chief did approve you going to the class. There is a class in September in Simi Valley (but I'm guessing the dates might not work for you?) or you can go to the San Diego class but you won't get hotel reimbursement.

Let me know

There is a BATI Investigative Interview and interrogation class in San Diego on 8-24-15 through 8-28-15. Its POST reimbursable. I picked those dates because I would be able to take the time off from my main job. I realize this may be a ridiculous request so you won't hurt my feelings if you respond with "Are you nuts". I could use the refresher though.

If you need a car when you are here, just grab any of the Crown Vics sitting out there that use a regular Ford key.

Hi. Hope all is well. Any chance of getting a key to the pool car lock box? I usually just use for on car cause I can't get at the pool keys. Thanks.

I got the keys for #415, but the keys for #418 are still outstanding. Why is this so hard? Do you guys literally want to have to check the pool cars in and out? I don't want to do that because Sgt. Spencer and I thought we were dealing with adults. Stop the pool car key hoarding. If the car that is assigned to your unit is unavailable then by all means use a pool car, BUT return the keys once you are done. If you are on the back up Homicide on call list and plan on taking a car home then use the car assigned to your unit. Your partner shouldn't need the car at 0200 hours. If the car assigned to your unit is down for service or unavailable, then use a pool car, BUT RETURN THE KEYS.

If you have units #415 or #418 your card is not hanging in the car keys box. Please give me your card and I will hang it for you.

Can you set up Investigator Steve Seyler with access to CLEAR and then schedule him for Cal Photo course.

He works cold cases and needs to have access to clear to locate witness, victim and/or suspects.
