Just got off phone with Salima, Studio manager at location. She did verify entrance is on Crocker Street, but she does have emergency exits on 6th Street. Advised patrol to address issue.

Only place for them to move is on 6th. Her entrances are on Crocker Street.

If they move them off of Crocker, they may move onto 6th, making her life worse for the day.

Will pass on to both AM's and Mids. Operation Healthy Streets will be cleaning Crocker between 4th and 7th tomorrow. Everyone will be moved off for part of the day

Business owner Christy Shaw 323 273 0636
It's a filming studio located on the same block as the Weingart on 6th near Crocker.

I spoke to her today. She complimented Jesse on his quick response whenever she calls. She seems very level headed and doesn't expect miracles, but she is frustrated that it seems impossible to keep her doorway clear. She is very understanding.

Please let's do our best to continue to help her.
