Dear Kerry,

So dropbox is a no-go? If so, there's no rush as I'll be travelling until January 15, but I'll send the USB drive along when they have a figure. If it's not just an oversight, do you mind my asking what your objection to dropbox is?

Thanks, and you too, and congratulations on your Stanton fellowship!

[REDACTED], I have asked two members of my staff who will be here next week to first identify the size of the files that need to be amassed and to let you know so that you can send us the appropriate USB key. They will then proceed to download those files. I hope to have that available for you to pick up at our office during the week of Jan 4. I will be out of town until that time, and we have a skeleton staff over the holiday.

Thank you for your understanding and I hope you have a joyful holiday with your family.

Kerry

Dear Kerry,

I'm sorry to be vague. In addition to HPOA and CHC board meeting minutes I would also like minutes and meeting notes in electronic format of the Security Committee for whatever period of time they exist.

Thanks,
