Dear Miranda:

Please find the attached draft letter of support. Please feel free to edit it.

Would it be possible for you to return the signed letter as well as a one-paragraph bio about yourself, by the end of this week? Please let me know if you have any question.

Thanks a lot!!

Cheers,

Wei

Hello Wei.

Is the proposal ready? I would like to see the proposal before sending you the letter in light of the term "collaborator on the proposal". Sorry for the caution. In working for the City of LA, I need to make sure of what I am support and especially collaborating on.

Thank you.

Dear Miranda:

I completely understand the caution you have.

Please find the attached proposal, which is still under some development. There is a section called "description of partnerships", in which we briefly discussed the assistance we hope to receive from you. Please feel free to edit it and let me know if you have any question!!

Thanks again!

Cheers,

Wei

Hello.

Pg 9 of the attached proposal has the description of partnerships. The objective of the proposal is to show impact of BIDs on neighboring residential properties (local housing market value increase). They have chosen Granada Hills and Chatsworth. I am not sure that these BIDs are the best choices. My role will include advice on results interpretation and policy implementation. I feel it would be OK.

Are you OK with this?

Thanks.

Inasmuch as the Silicon Valley Taxpayers Assn vs County of Santa Clara case indicated that increase in property values does not constitute a special benefit, I think we are O.K. and Prop 218 says that residential zoned parcels do not benefit, which has been interpreted to mean special or general.
