Size: 1 KB

Good morning, Ms. Kiefer.

I'd like to take a look at all emails between you and anyone at bryancave.com that relate to the activities of your BID. I need to see such emails irrespective of whether they were sent or received from/at a work-associated email account or any other email account, including personal email accounts.

Thanks,
[REDACTED]

P.s. note the recent California Supreme Court decision regarding CPRA and personal email accounts, described here:
