Hi

I'm the president of my neighbors we are resident of venice beach.

The reason I'm reaching out to you is to make you aware that you are hosting a terrible and dangerous blog <http://michaelkohlhaas.org/wp/>

We are a good decent group of neighbors in venice beach, we been dealing with drug addicts in our neighborhood and we are doing our best to clean our neighborhood from this abusive invasion of drug dealers that are keeping us hostage w their activities.

<http://michaelkohlhaas.org/wp/>

This blog that you are hosting is supported by drug dealers ignorant dwellers that want to continue this nightmare <http://michaelkohlhaas.org/wp/>

These people are obviously in business with drug distribution and have been posting residents emails, pictures and putting information about our personal life's on their blog, they are insulting us and calling us names. They have put our very personal information on their blog, we are families, he is putting us in danger !!!!!

You are hosting a very dangerous group of individuals that are going way beyond freedom of speech , they are accusing us of being sociopaths, human haters and more horrible accusations. This couldn't be further from the truth, we been working to help the homeless community for over 20 years but this wave of drug addicts have been terrorizing our neighborhood .

We been working with the pertinent authorities to clean our community.

Unfortunately <http://michaelkohlhaas.org/wp/> blog is putting families and residents in danger.

Please help !!!!!

Is not legal, is not fair , this blog is putting public safety in jeopardy.

They need to be shut down.

We don't want to associate your company with this hateful group of people.

Just look at their article on illegal planters and you will see how they are just insulting everybody left and right .

I believe in freedom of speech but it comes with a responsibility, this is defamation and is putting us in danger.

They need to be shut down until they find a way to be productive and compassionate to society.

Hope you can understand the situation and shut them down, I'm sure you don't want to be related to this negativity.

We are a big community of neighbors and we won't stop until we make our neighbors safe. So we are asking you as a community to stop catering to this negative and dangerous blog, I'm hoping you will make the right decisions

Sincerely

carlos torres

President of Venice neighbors United
